Trail Tips

- **Be prepared** for backcountry travel. Bring along items that are necessary to provide for your safety and comfort. Basic items include:
 - Drinking water
 - Map and compass
 - Appropriate footwear and clothing
 - Sunblock
 - Snack food (for longer trips)
- **Be alert.** There are a wide range of potential hazards in any backcountry area. Rattlesnakes, mountain lions and poison oak can all be found in the Poway outback.
- **Practice trail courtesy.** Be respectful of other trail users and alternate styles of recreation. You are responsible for your own safety. Failure to use due care while using the Poway trail system can result in personal injury. Please observe all trail regulations; they exist to protect you.
- **Be a good neighbor.** On some trails you will be passing through residential neighborhoods. Poway residents have generously allowed access next to and through private property. Please respect their privacy. Pick up your own trash, avoid excessive noise and remain on trails.

Thank you.
